Technical Skills

React.js	JavaScript (ES6+)	HTML/CSS	API Integration
Component Libraries (Material-UI)	Server-Side Rendering (Next.js)	State Management (Context API)	Version Control (GitHub)

Professional Experience

Zlight Research Pvt Ltd   Jul 2023 – present
Junior Software Engineer (React)   Ernamkulam, kerala

- **Developed** dynamic and responsive user interfaces using React.js, contributing to the enhancement of user experience and overall application performance.
- **Optimized** front-end performance by leveraging React hooks, lazy loading, and code splitting, resulting in a 25% reduction in page load times.
- **Collaborated** with UI/UX designers and back-end developers to integrate APIs and ensure seamless data flow within the application.
- **Refactored** legacy code and components to align with modern React best practices, resulting in a 30% improvement in code maintainability and readability.
- **Debugged** and **resolved** issues in React applications by utilizing browser developer tools.

Education

Indhira Gandhi National Open University   2022 – present
Master of Computer Application   Malappuram, Kerala

Calicut University   2018 – 2021
Bachelor of Computer Science   Malappuram, kerala

Courses

MERN Stack Certifiacation Course   Jan 2022 – Sep 2022
Intellipaat Software Solutions Pvt Ltd   Bengaluru, Karnataka

- **Completed** an intensive MERN stack course focused on developing full-stack web applications using MongoDB, Express.js, React.js, and Node.js.
- **Developed** interactive and dynamic front-end interfaces using React.js, incorporating state management with Redux and React Hooks.
- **Executed** a capstone project involving the creation of "AI image generator application" using the MERN stack.
